GROUPS THAT GROW...
YOUR PEOPLE AND YOUR CHURCH

Imagine a global network of small groups tethered to vibrant, growth-oriented, outwardly-focused churches. In the small groups, members experience, develop and

pass on the character qualities of Jesus. The individuals grow—and so does the church.

If this vision excites you, join **Dr. Henry Cloud** for a series of evening seminars designed to train, encourage and multiply small group leaders and their members. Dr. Cloud's teaching will incorporate video case studies, special guests, hands-on learning, and role plays to guide group leaders in:

- the process of leading a group
- the development of the skills needed to lead effectively
- the range of content that can be delivered in the small group

Small group members will also benefit from this in-depth look at what they can—and should—expect from the groups they attend.

Further Thursday evening seminars in the series are scheduled for June 5, August 21, October 16, and November 20, 2003.

WHO SHOULD ATTEND THESE SEMINARS:

- Pastors
- Lay leaders
- Small Group leaders
- Small Group members
